CIE Centre No. IA536
Part of the Crimson
Education School Network

**GRADES
1 TO 6**

INNOVATION. PRECISION. VISION.

At the International School of Secunderabad (ISS), we partner with parents who believe a strong foundation shapes a confident future. Every learning experience is designed with care, purpose, and your child at the centre.

Affiliated with **Cambridge International Education, UK**, ISS offers a globally recognized curriculum that builds curiosity, confidence, and academic strength.

Our Cambridge Primary program encourages children to explore, question, and grow, preparing them to thrive in school and beyond.

A School that nurtures each Dream and Aspiration.

- ✓ PERSONALISED BY DESIGN | BIG IN IMPACT
- ✓ 1 SECTION PER GRADE | 20 STUDENTS
- ✓ PERSONAL ATTENTION

A CAMBRIDGE BEGINNING, INSPIRED BY SCIENTIFIC MINDSET

We envision a nurturing and inspiring learning environment where young children develop a lifelong love for learning. We aim to cultivate curiosity, creativity, and confidence in every child, preparing them for future academic and social success.

INQUIRY BASED LEARNING

Our classrooms are environments of **"why" and "how."**

We encourage natural curiosity, helping children make connections and understand their world — **the first step in the scientific method.**

A LANGUAGE OF LOGIC

We introduce early mathematical concepts and scientific vocabulary through play, building a foundation for the **critical thinking and analytical skills** you value.

GLOBAL STANDARDS FROM DAY ONE

We offer a **world-class, structured framework** from the beginning, ensuring your child's educational journey is seamless, internationally recognised, and built for future success.

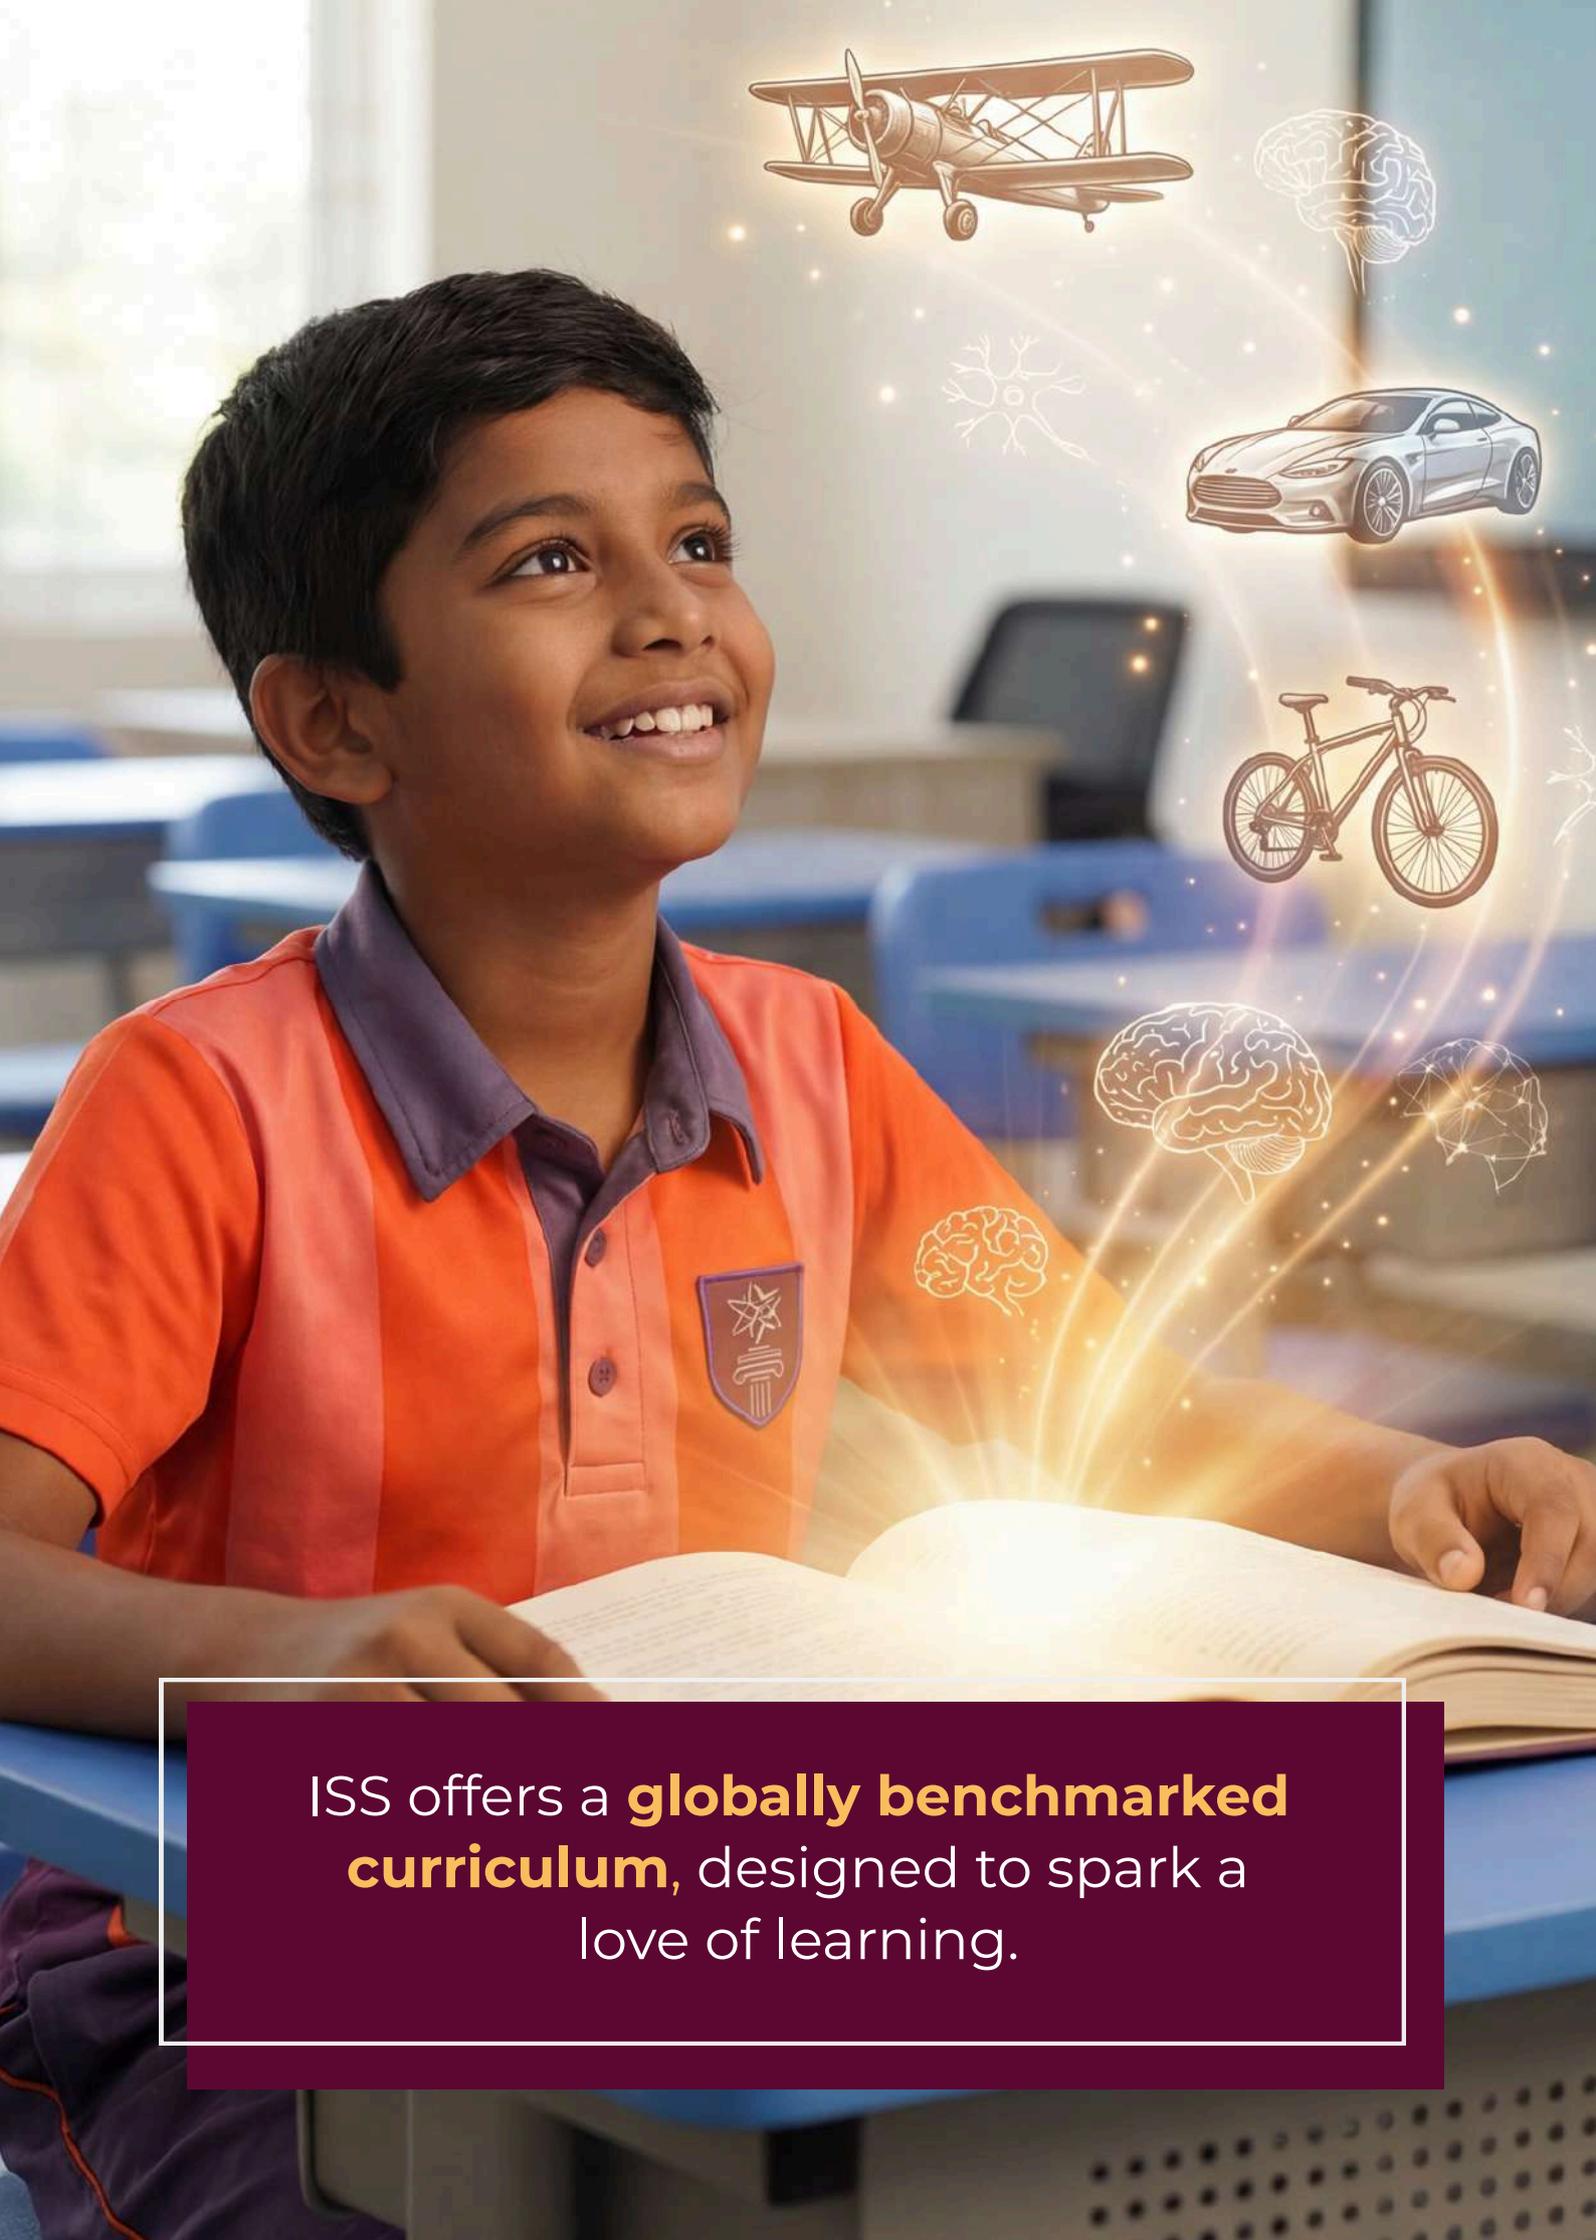

“

Children blossom when they're nurtured with intention—when they're guided, not moulded. That's why I'm drawn to the vision of the International School of Secunderabad. They're not just teaching lessons, they're shaping mindsets.

NAMRATA SHIRODKAR

”

ISS offers a **globally benchmarked curriculum**, designed to spark a love of learning.

KIDS PLAY AREA

Play zones that nurture and engage.

FUTURE-READY LEARNING

Fostering engaged, confident learners through our **1:1 laptop buddy programme**, where technology enhances creativity and discovery in our smart classrooms.

CAMBRIDGE PRIMARY CURRICULUM

Global learning for young learners. **1000+ Cambridge students** across Crimson Schools.

PERSONALISED TEACHING

Teaching tailored to every child. **1:20 teacher student ratio.**

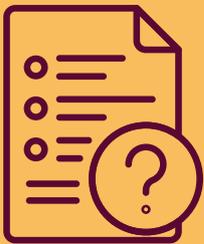

CAMBRIDGE PRIMARY CURRICULUM

We provide a rich selection of more than ten subjects. Beyond mastering English, Mathematics, and Science, students discover varied pathways to nurture their creativity, find their voice, and build a strong sense of wellbeing.
